**Polio has no cure.** It is a crippling and potentially fatal disease, and children under the age of 5 are at the greatest risk.

There is **prevention**.

For as little as 50 cents, a child can be protected against this crippling disease for life.

The primary goal of the Purple Pinkie Project is twofold

- to raise the funds needed to eradicate Polio
- to raise awareness about the seriousness of this disease and how we can prevent it.

Polio has been eradicated in all but 3 countries.

**Bradley Interact** is going to help raise funds to eradicate polio.
