Mission: Each student is highly educated, prepared for leadership and service, and empowered for success as a citizen in a global community.

Dear Sir or Madam,

I am writing to ask for your help. My school, Starling Pre K-8, is a school that is located in a severely impoverished community. All of the students receive breakfast and lunch at school. Over the two week winter break, students may not have enough food at home to eat since they eat breakfast and lunch at school. The staff at Starling would like to get enough food donations to make at least 100 reusable grocery bags full of groceries to send home with students and their families to eat during the winter break.

Would you be able to hold a food drive for Starling? We would need the food items by December 7th, in order to package it all. If you are not able to deliver the food to Starling, someone would be able to pick it up. All the food needs to be non-perishable. The following lists are not all inclusive, but are suggested items to collect.
